**Consumption Cured.**  
An old physician, retiring from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh Asthma and all throat and lung affections, also a positive and radical cure for nervous debility and all chronic diseases, after having tested its wonderful curative powers in thousands of cases has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who may desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail addressing with stamp, naming this paper, W. A. Noyes, 220 Powers Block, Rochester, N. Y.

**A Reward of \$500.**  
Will be paid for any case of Rheumatism which cannot be cured by Dr. Drummond's Lightning Remedy. This offer is made in good faith by the proprietors, and there is no reasonable excuse for any one to suffer longer. Any ordinary case will be cured by one bottle. In addition to the reward for difficult cases, the money is always refunded where the remedy fails to cure. The price of a bottle is 50c, and that is the cost of a cure. Drummond's Medicine Co., 45-50 Maiden Lane, New York. Agents Wanted.

**Its Cleveland or Hill.**  
Texas exhibit cars are still on the roll.  
Belton has organized a farmers Institute.  
San Saba prospers, whether we get a railroad or not.  
R. Q. Mills seems not so great, he's lost his gripe.  
The Burnet Bulletin declares for Clark for Governor.  
The weather is beautiful and conducive to early planting.  
Efforts are being made to improve stock in this county.  
A large convention of industrialists is in session at St. Louis Mo.  
The prospective candidates for Governor are becoming numerous.  
The World's fair works are still pulling and the fund is growing.  
The Gov. believes in giving the extra session plenty of work to do.  
Texas is coming to the front in politics and public improvements.  
Can the extra session be prevailed upon to make a World's fair appropriation.  
The Llano marble and granite company has been granted a charter; capital, \$25,000.  
This is an unreasonable time to commit a wrong. The District court is near at hand.  
Geo. Clark is a brainy man. So is Mills, but brains without executive ability in politics availeth not.  
With the appointed road overseers and all provided with a suitable number of hands, what is to prevent our county from having good roads throughout?  
The Allee Bowman murder case was closed last Friday, by the jury's returning a verdict of "Not Guilty."  
Still the talk of reducing the cotton acreage goes on. Unless some efforts are made to reduce the supply low prices will prevail.  
Between the two candidates for governor, the News is unable to make a choice at present. But it is our present opinion that there is not much choice yet.  
Allee, who has just been acquitted of the murder of Bowen, has been arrested charged with the murder of a negro porter some time previous to the killing of Bowen. Lyons is now on trial for assisting in killing Bowen.  
The deep water company has decided to go to work on the bar at Aransas pass for the purpose of securing twenty feet of water. The citizens have subscribed \$1,500,000 payable when the deep water is obtained.  
Gov. Hogg is receiving his share of public abuse. But he has done tolerably well. Give him his just dues, but a charge might be advisable. There is something wrong somewhere in Texas, and a careful change could not worse matters much.  
The Extra session is called for March 14th. The Governor has embraced 15 different subjects, and the Text Book bill is in it. Taking the usual amount of time required by legislatures in disposing of work, the thirty days allowed for a special sitting will not be sufficient, but the Gov may prolong the time by calling another session etc.

From the Mason News. The San Saba News has been putting in much good work for its town, and it is fearful that much of it has been in vain. The following plaint would indicate that it is becoming discouraged. Here, a clipping from the News is quoted, which would indicate as the Mason News says, but that perhaps was a lapsus penne, as we are never discouraged so long as the tide of immigration rolls in.

**OBITUARY.**  
A Telegram reached San Saba, on the tenth of February, bringing the sad intelligence of the death of Mrs. A. D. Wildbain, which took place at Austin on the morning of that day.  
Mrs. Wildbain has for the past few years spent a part of each year with her daughter Mrs. J. H. Martin of this place where she has formed a large circle of friends, who had learned to appreciate and admire her strength of mind and character, her broad christian sympathies and her quiet unobtrusive benevolence.  
Her life was in the highest and noblest sense a success. The untiring energy, the pure and lofty motives, and the sweet charities which characterize and consecrated it, have left their undying influence upon those who come after her.  
In the fullness of years and with her life's labors complete, she has gone from these scenes of toil and pain and sorrow, to where she can feel their sting no more.  
But to those she has left behind: to those whose youth has been guided and nerved by her inspiring influence and example; to those who have been taught to look to her by her thoughtful care and solicitude; to those whose pilgrimage has been brightened by her sympathetic companionship; to those whose lives have been lighted and strengthened by her pure and exalted character; to all these there has come a blank; the painful shock of separation; The Chilling sense of an irreparable loss.  
But they mourn not as those who have no hope; the pain of separation is soothed by sacred and consoling memories of the departed, and faith points to a happy reunion beyond the skies, where the holy links of affection that have been smothered here will be reunited.  
A FRIEND.

Ed Coy, a negro rapist, who assaulted Mrs. Jewell, wife of a well to do farmer living about two miles from Texarkana, was captured last Saturday.
